Location of original materials:

There should be no images of me online, at all. You have already removed multiple copies of this photograph from multiple places on the offending blog. This is one I missed. I apologize for all of these recent requests.

Description of original materials:

Again, I think this is the last one - I missed. This is a photograph I took of my friend and myself sometime in 2005/2006 with a disposable camera. It is a personal photograph. I took the photo. I own the copyright. We are young and being silly, with blue wigs and 80's blue prom dresses. On her deck at her home. There is no reason to use this photo in Mr. Greene's blog. There is no 'fair use' purpose. Again, there is pending criminal litigation per his harassment of me - and there should be no personal photographs of me anywhere online. Particularly not on his blog. I have removed every single one.

I have a good faith belief that use of the copyrighted materials described above as allegedly infringing is not authorized by the copyright owner, its agent, or the law.

I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

I acknowledge that a copy of this infringement notice and any correspondence related to it, including any contact information I provided above (address, telephone number, and email address), will be forwarded to the user who uploaded the content at issue.
